

OpenOffice.org

Need a word processor?
Worried about paying too much?

OpenOffice is a Complete Productivity Suite, maintained by a community using Open Source principles.

Best of all, it's Free!

You are permitted and even encouraged to copy and share this software.

Key features:

- Word processor
- Spreadsheet program
- Presentation program
- Maths formula editor
- Web page editor
- Drawing program
- Easily converts documents to PDF format without additional software.
- Easily loads and saves most Microsoft® Word®, Excel® and Powerpoint® documents.
- And much more

Download it now from www.openoffice.org

or pick it up on CD for \$7.95 from most Dick Smith Electronics stores.

You can also order the CD for \$5 (inc p&p) from www.openoffice.org.nz
