

Junior Mathematics Competition

The University of Otago Junior Mathematics Competition 2022

The University of Otago Junior Mathematics Competition seeks entrants from interested Year 9*, 10, and 11 students from across New Zealand.

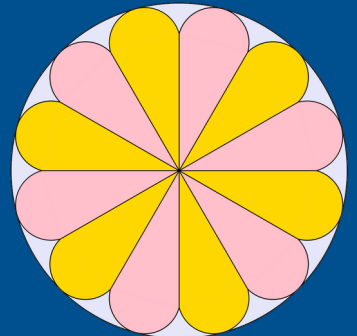

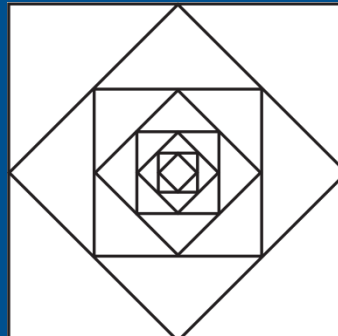

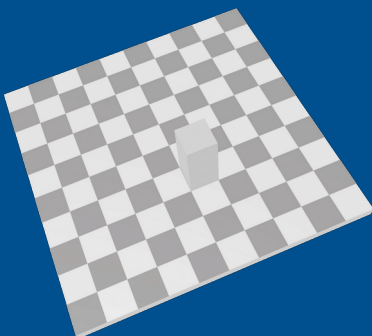

Entrants sit an on-line multiple choice and short answer test at a time and date chosen by their school in the week beginning **Monday, the 4th of April**. Top competitors will then be invited to sit a written long answer test on **Wednesday, the 11th of May**.

The top 50% of each year level in the first test will receive a certificate attesting to their achievement, and there are cash prizes for the top 30 placings in each year level in the second test.

There will normally be a small cost involved.

For more details contact

When is your school sitting?

* Year 8 and below students are eligible to enter, but compete as Year 9 students.
